At first they were friends, but one day Sir Herman rode over to Sir Wilhelm's castle and asked for the SCORES GOVERNMENT hand of the latter's daughter, Wilhelmina, for his son, Frederick. Sir Wilhelm loved his daughter dearly and had no wish for her to leave him, so he referred the matter to her. A Woman's Cool Nerve In a Moment of POPULATION OF Deadly Peril.

An Englishman in traveling through Ceylon was the guest of a dockyard official at Trincomalee.

"The dinner was excellent," he says. "but when it was about half over I was startled by hearing the wife of my bost tell the native servant to place a bowl of milk on a deer skin near ber chair.

"Although she spoke as calmly as if giving an ordinary order, I knew at once there was a snake somewhere in the room, for they prefer milk to unvthing else. As a hasty movement might have meant certain death, we all sat like statues; but, for all that, my eyes were inspecting every nook and corner, with a peep under the table. However, it was not until the milk was placed on the deer skip that the snake appeared. And then, to our amazement, a large cobra uncoiled itself from my hostess' ankle and glided toward the bowl, when, of course, it was immediately killed.

The opening of yesterday's session was delayed for some time by a conference between the Turkish delegates and representatives of the great powers. It was believed that the powers were making a last effort to induce the Turks to yield and end the war.

People who have Consumption are often filled with bright hopes of recovery, only to realize that improvement is but temporary, Consumption is dreaded by everyone. Those who had it and used Eckman's Alterative can testify to its beneficial effects. No one need doubt it—there is plenty of evidence from live witnesses. Investigate the following:

Amenia, N. Y.

"Gentiemen: Prior to Feb., 1908, I was located in Rochester, N. Y., suffering with LaGrippe, which developed into Tuberculosis. My physician gave me one month to live. I was having terrible night sweats and mid-day chills and losing flesh rapidly, having gone from 155 to 135 pounds. I coughed and raised continually and became so weak that walking a few feet exhausted me. On my return home, my regular physician gave me little encouragement. My father, who is a ciergyman, heard of Eckman's Alterative and induced me to take it. The night sweats and chills disuppeared, my cough became easier and gradually diminished and in a few days I developed an appetite, the first in months. I am now in perfect health, back to 155 lbs. I feel certain that I owe my life to Eckman's Alterative."
